

## OUR PROJECTS

### Noise Monitoring & Modelling

**Project:** Bahrain International Airport Noise Assessment (2025)

**Location:** Bahrain

**Client:** Bahrain Airport Company (BAC)

**Scope:**

- Noise level assessment against appropriate standards and guidelines.
- Noise survey and contour mapping.
- Noise impact on community.
- Noise level monitoring program.

**Project:** Alba Power Station 5 Block 4 Supplementary ESIA Construction Noise Risk Assessment (2023)

**Location:** Bahrain

**Client:** Aluminium Bahrain (Alba)

**Scope:**

- Identification of sensitive receptors.
- Evaluation of existing systems and procedures.
- Mitigation/ monitoring requirements.
- Grievance channel for the public.

**Project:** Red Sea Project Utility Assets and Infrastructure PPP Noise Baseline (2021)

**Location:** Kingdom of Saudi Arabia (KSA)

**Client:** 5 Capitals

**Scope:**

- Environmental Baseline Survey.
- Identification and measurement of noise levels.
- Compare measured and predicted noise levels against relevant noise standards.

**Project:** Bapco Modernization Program (BMP) Construction Phase Noise Assessment (2019)

**Location:** Bahrain

**Client:** Bahrain Petroleum Company (Bapco)

**Scope:**

- Noise level assessment against appropriate standards and guidelines.
- Noise mitigation measures.
